Yamaha CFIIIS - Concert Grand

Yamaha CFIIIS Concert Grand

A new standard of excellence for the concert pianist The Flag ship of the Yamaha Acoustic Range reflects its proud piano heritage, the CFIIIS concert grand is prized by performers and performing arts centres around the world. Following extensive refinements and redesign, the new CFIIIS has emerged as an instrument of unprecedented virtuosity - an instrument that truly stands alone on the international concert stage.

CFIIIS attributes include:

- *Superb tonal character across all registers*
- *Quicker, more sensitive keyboard response*
- *Expanded dynamic and expressive range*
- *Enhanced projection and tonal separation*
- *Superior pedalling and damper control*
- *Increased structural and tuning stability*
- *Upgraded aesthetic and safety features*

"Over the past 10 years Marksons have been the preferred supplier of pianos to the Royal Albert Hall. During that period we have always been impressed with Marksons service and value for money. They never fail to adapt to the Hall's demanding schedule. I very much hope the special relationship will continue between Marksons and RAH for another 10 years and many more."
