

**Piano with a View!**

Height: 112 cm (44")  
Width: 148 cm (58 1/4")  
Depth: 54 cm (21 1/4")  
Weight: 195 kg (430 lbs)

***Yamaha P112 - PE***

**Yamaha P112NS-PE & Kemble CB10**

Equipped with the Yamaha Quick Silent System, Silent Series uprights combine the characteristics of fine acoustic instruments and superb digital pianos, enabling you to choose between traditional play and electronic sound from the internal sound processor which can be connected to any PA system via Aux outputs or ¼ inch jack from the headphone sockets. This added benefit allows for the artist to switch between acoustic play to electronic, as long as the instrument is connected to a PA System.

This new European piano has become very grown-up compared with its predecessors. Apart from the overall height of 112cm you get at first sight immediately caught by the clear, inconspicuous, but nevertheless timeless elegant line of the modern case design of the P112N. The balanced and beautiful sound lets this piano appear larger, than it actually is.

The Yamaha P112 (Acoustic only) is also available in White Polyester finish...

*"This is just a note to thank you for providing the Salvation Army at Tunbridge Wells with the two lovely pianos.....  
We are really glad that we came to Marksons. You have been so helpful in every way, and we felt that we were dealing with real experts in the field of pianos"*

*Salvation Army, Tunbridge Wells*
